Missions of Charity, Medicine, Education and Culture with the spirit of sincerity, integrity, trust and honesty. We believe in the equality of all beings and the Buddha-nature potential in every person. Through charitable hearts, the privileged obtain blessings and joy, and the impoverished receive security and peace. Tzu Chi members strive to bring forth the pure world Tzu Chi envisions; a world without suffering and obtained through love, compassion, joy and selfless giving. We invite all people in their goodwill to join us in purifying our minds, pacifying our society and working towards a disaster-free world.
